Dear Friends,

It is my pleasure to extend warm greetings to the New Jersey Association of School Resource Officers and everyone gathered for its Statewide School Safety Training Conference.

One of New Jersey's most important priorities is the safety of our children. That safety must focus on practical measures for New Jersey's schools, and I will leave no stone unturned in the effort to protect our children. It is essential that state, county and local government coordinate with education and law enforcement officials on school safety. I thank the New Jersey Association of School Resource Officers for its efforts to protect our children while they learn in our schools.

Best wishes for a most enjoyable and memorable conference. It is only through the concern and commitment of individuals such as yourselves that we may hope to build a new and brighter future for all residents of New Jersey.

Sincerely,
